

## NEHI BOTTLING COMPANY STARTS UP HERE MONDAY

A new soft-drink bottling concern, the Nehi Bottling Company, will begin business Monday morning, according to an announcement Saturday by R. D. Head, owner and manager of the firm.

Mr. Head, who for the last eight years has operated a Nehi bottling firm at Owensboro, has leased a building at 326 Georgetown street and installed bottling machinery and equipment. The firm will bottle and distribute Nehi and Nehi products, including the Part-T-Pak line of gingerale, lime ricky, club soda and bubbling water. Nehi includes sodas of all flavors.

Before entering the bottling business, Mr. Head was for 20 years engaged in the banking business in Lexington. Recently he sold his interest in the Owensboro bottling firm and came to Lexington to enter business here.

Associated with him in operation of the new bottling firm will be his son, R. F. Head. The firm will serve Lexington and the central Kentucky trade area, according to Saturday's announcement.
